REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Applicant's amendment to claim 1 and arguments regarding the prior art of record are persuasive. Furthermore, the amendments to claims 10,19,32 obviate the previous rejection under 35 USC 112. With respect to the prior art of record, Applicant's arguments regarding the Garnault reference are persuasive. It is agreed that Garnault does not teach the "guide positioned substantially within the sleeve" as now recited in claim 1, the guide including "a radially-extending drive projection" as set forth in claim 13, or the cylindrical sleeve "surrounding at least some of the retractable protrusions" of independent claim 24. Accordingly, since the independent claims are allowable over the prior art of record, the dependent claims are as well. Therefore, claims 1-34 are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
